To Adwa full gospel believers local church

Adwa;

Subject:- It Concerns about Requesting budget or material in kind

As mentioned in the subject matter Adwa water Supply service is delivering cleaned drinking water to the host community of Adwa town and internally displaced people (IDPS). Due to the war incurred in Tigray stadium boreholes and its line of water distribution was damaged and due to this around 20,000 peoples of the town is suffering from lack of safe water. To set a solution for the above problem our office requests to your organization to install and distribute new pipes lines to connect the water line from stadium borehole to reservoir. Finally, the office of Adwa water supply service is kindly requests in budget or in kind. And the office is sending our request with its specification one page attaching with this letter and we would like to thank for your collaboration in former.
